

JAPAN COMPELLED TO KEEPPACE WITH U. S. IN WARSHIPS

Viscount Ishii Gives This Notice to the
League Assembly—Agreed That Disar-
mament of World Must be Slow and Grad-
ual—The Covenant Causes Long Debate

GENEVA, Dec. 11.—Disarmament of the world must be
a slow and gradual process is the decision reached by the
league of nations assembly commission which has been de-
liberating on the question for more than three weeks. The
opinions of leading members of the commission are that
neither the political situation nor public opinion is yet
ready for full realization of that object.

In fact even beginning the re-
duction of armaments is not con-
sidered possible by the commis-
sion at the present time. Ac-
cordingly, the program which
will be presented to the assembly
is to proceed in three stages. The
first involves an agreement be-
tween the powers to make no
further increase in armament.

The second will provide for a
gradual reduction on a basis
which will be laid down by the
armament commission of the
council of the league.

The third will provide for gen-
eral and complete armament
when it may be found that the
situation permits it.

Viscount Ishii has improved
the occasion to give notice that
Japan cannot reduce her arma-
ment so long as the United States
increases hers. One conspicuous
fact to date is the necessity of
propaganda to prepare the world
for a radical solution of the
question.

The covenant of the league
again gave rise to a long and
confused debate in the assembly
this afternoon. The question was
how to choose the four elected
members of the council. The
committee which decided the
most important point by only one
majority after a long and diffi-
cult discussion proposed that the
terms of these members be limited
to two years and that mem-
bers shall be eligible for re-elec-
tion for two years more, then
ineligible for re-election during
the succeeding four years.

This provision is intended to
facilitate access to the council to
all members of the league.

Another provision which was
more stoutly contested appor-
tioned the members among the
different continents, Europe and
the Americas getting three and
Asia one. This provision is held
to be contrary to the covenant,
which provides that the assembly
shall "freely" choose the mem-
bers of the council, while appor-
tionment would tie the hands of
the next assembly.

FRESH MEATS REACH NEW LOW PRICE LEVEL

Beef and Pork Reach Levels of
Pre-War Period—Nearly Reach
Level of 1914.

CHICAGO, Dec. 11.—Whole-
sale prices of fresh meat cuts,
both beef and pork, reached the
low levels of the pre-war period
with the close of business this
week Armour & Co. announced
today. Beef prices the last to be
readjusted declined to the lowest
levels of the year this week says
the statement which continues.

Lower prices for livestock which
have resulted from declines in
feed stuff and from excessive re-
ceipts of stock in all markets
and marked influence on the
wholesale selling price of all
meats, resulting in a level of
prices which are below the prices
that obtained April 1, 1917, and
also below the prices that ruled
in 1914 in many instances.

Fresh beef carcasses were of-
fered to the retail trade at prices
that averaged between 14 and 15
cents a pound, a price almost as
low as in 1914. Light pork loins,
the price of which is the index of
all fresh pork cuts sold for 21
cents as compared with the pre-
war price of 22 to 23 1/2 cents.

Lard was offered at six cents
a pound under the price April 1,
1917, which was 9.37 cents.

The average price of sweet
cured and cured products was
17 cents this morning that being
three cents under the price in
April 1917.

The market value of hides 14
cents in the aggregate of the ten
grades has dropped six cents a
pound from the normal price that
existed in 1917 and is at this
time one cent a pound lower
than the price that obtained in
1912. Subnormal values of bi-
products from cattle of which
hides is typical have had a ten-
dency to hold up the price of
fresh beef carcasses, and had the
market for the bi-products held
reasonably stiff, the beef meat
prices would have effected further
declines by this time.

Des Moines, Iowa, Dec. 11.—
An eight-cent street car fare, or
ten tickets for 75 cents was or-
dered put into effect by Judge
Martin Wade of the United States
district court today. The city
sought a 5-cent fare. The rate
has been six cents.

CONSPIRACY WILL BE CHARGE AGAINST SPRINGFIELD MEN

Attempted to Wreck Illi-
nois Central
Train

ACQUITTED ON
MURDER CHARGE

(By The Associated Press)
SPRINGFIELD, Ill., Dec. 11.—
Indictments charging "conspiracy
to destroy railroad property" next
week will be prosecuted next
week against five foreigners of
this city who were acquitted in
the local circuit court today of
"conspiracy to kill and murder"
in connection with the alleged
plot to wreck the "Diamond Special"
of the Illinois Central near
here last September.

Announcement to this effect
was made tonight by Assistant
State's Attorney Price and Wel-
don. Three other charges remain
against the defendants, conspir-
acy to commit a felony, conspir-
acy to rob and having explosives
in their possession with intent to
destroy life and property.

A jury in the circuit court to-
day, after deliberating nine hours
found a verdict of "not guilty"
for the prisoners—Joseph Quin-
nigan, George Kernoski, Joe Zen-
at, Joseph Kersnick and Tony
Aguriski.

State's witnesses at the trial,
which had been in progress for
two weeks, testified there was a
plot to wreck the "Diamond Special"
at the Sangamon river
bridge north of this city, rob all
passengers and kill those who
survived the wreck. Two of the
original nineteen men who were
taken into custody the night the
flier was supposed to have been
plunged over a sixty-foot em-
bankment and into the river, con-
fessed their part in a plot and
are now serving terms in the peni-
tentiary. Necessity of a prema-
ture arrest spoiled the state's
best case of "conspiracy," accord-
ing to state's attorneys.

McHugh Heads Committee.

The committee of nine will be
headed by John McHugh of New
York, chairman of the marine and
commerce committee of the Ameri-
can Bankers' association, who
will announce its personnel on his
arrival in New York Monday.

Mr. McHugh, according to many
of those present at the two-day
organization meeting which ended
tonight, probably will be
chosen chairman of the board of
directors. He was offered the
presidency of the corporation by
the committee of thirty today, ac-
cording to several of its members,
but declined.

Presidential possibilities, it was
said today, included Julius Barnes
of Duluth, James R. Forgan of
Chicago and Herbert Hoover.

Hope that the corporation
would not be limited to repre-
sentatives of capital was expres-
sed by Richard Hawes of St. Louis,
reirving president of the American
Bankers' association, in an ad-
dress at the conference in which
he invited labor unions to take
part in the financing of the cor-
poration.

Many labor unions have large
surplus funds and could be
used to bring good financial re-
turns thru this corporation," said
Mr. Hawes, "and we strongly ur-
ge them to join us in this work."

The first subscription to the
corporation was made by the
Illinois Manufacturers association
which pledged \$50,000, with the
amount that it would double that
that amount if necessary. Those
present personally subscribed
\$100,000 to be used in defraying
organization expenses.

The corporation will be organ-
ized under the Edge act which
provides for establishment of cor-
porations which may receive for-
eign securities and issue debent-
ures against them to an amount
not to exceed ten times the cap-
ital, thus giving the \$100,000,000
corporation to finance \$1,000,-
000,000 in foreign trade.

CHICAGO MAN HEADS
DYERS AND CLEANERS

(By The Associated Press)
SPRINGFIELD, Ill., Dec. 11.—
Charles Jessup of Chicago was
elected president of the Illinois
Association of Dyers and Cleaners
at the close of the two day's
session of that body here today.
Other new officers were James M.
Delaney, of Chicago, vice-presi-
dent; Jules Horine, Chicago, sec-
retary; Harry W. Nicky, Spring-
field, treasurer; board of direc-
tors: William Houston, Chicago;
Edward W. Helms, Chicago; Ar-

German Film Producers Want
Production Stopped—Allege
Have Been Smuggled Across
Frontier.

Berlin, Dec. 11.—The "war"
of German film producers against
the widespread production of
American made motion pictures
which have been smuggled
across the frontier was today
since the armistice was today
before the ministers of fi-
nance and economics, who on the
request of the German censor,
directed the police authorities to
prevent further exhibitions of
the American pictures.

The American pictures proved
so popular in the provinces that
the German producers complain-
ed they virtually were unable to
sell their products so long as
American films were obtainable.

Through the Rhineland towns
and particularly in Cologne the
moving picture houses have been
featuring wild west films and
the cowpunchers, cowgirls and
Indians proved prime favorites
with German movie picture
patrons. The complainants
against the smuggling of the
films alleged that the majority of
them had been run across the
frontier at Cologne.

CORPORATION FOR THE STABILIZING OF FOREIGN TRADE

Preliminary Organi-

Saturday

LABOR UNIONS
COULD USE FUNDS

(By The Associated Press)
CHICAGO, Dec. 11.—The for-
eign trade corporation with plans
for a capital of \$100,000,000 and a
potential capacity of carrying
\$1,000,000,000 worth of business
on its books, was launched today
for the announced purpose of
stabilizing American foreign
trade.

More than 200 bankers, many in-
ternationally known, were the
sponsors for the organization
which, it was announced, probably
would be ready to begin its work
shortly after the first of next
month.

While the corporation was
launched today its organization
will not be completed for ex-
actly ten days when a special
committee of nine appointed to-
day by the organizing committee
of thirty will meet in New York
to elect officers, choose a board
of directors and outline the first
active steps to be taken by the
corporation. In the meantime
the committee will begin the work
of taking subscriptions so that the
legal proceedings incident to or-
ganization of the corporation may
be rushed thru and active work
began.

LEAGUE OF NATIONS ARMY AT MEMEL

WARSAW, Dec. 9.—The league
of nations international army to
supervise the disbanding at Vilna
will probably establish its base
at Memel, which is under the
league's control. Troops and
supplies could be landed there
without touching Prussian terri-
tory. An army of 2,000 from
Sweden, Spain, Denmark, Bel-
gium, France and England prob-
ably will march into Vilna in Jan-

which will be a blue square with
a white field in the left hand

MISSOURI MAN PRESIDENT OF FARM CONGRESS

W. J. James of Andrew
County Unanimously
Elected

EUREKA MAN
VICE PRESIDENT

(By The Associated Press)
KANSAS CITY, Mo., Dec. 11.—
W. J. James of Andrew county,
Missouri, was unanimously se-
lected president of the interna-
tional farm congress at the closing
session of the organization's
annual convention today.

Vice Presidents elected were:
H. T. Pryor, San Antonio, Texas,
formerly president and a mem-
ber of the executive committee of
the American Livestock associa-
tion; Howard Leonard, Eureka,
Illinois.

The terms of other officers did
not expire at this session.

Jewell Mayes, secretary of the
Missouri board of agriculture at
the close of the session said that
it marked a greater step toward
unification of the farmers than
had any of the fourteen previ-
ous sessions.

"The farmer at last is develop-
ing a sense of class consci-
ousness," Mr. Mayes said. "He is
not allowing political opinion or
other small differences to blind
him to his own interests."

PLANT FOR THE
MANUFACTURE OF
BOMBS IS FOUND

Dublin Castle Tells of
Raid on Fac-
tory

MANY BOMBS
ARE DISCOVERED

(By The Associated Press)
DUBLIN, Dec. 11.—A plant for
the manufacture of bombs was
discovered during an early morn-
ing raid in a bicycle shop in
Parnell street, in the center of
Dublin.

Large quantities of arms, am-
munition, bombs and gelignite
were seized.

Three men were arrested one
of whom was shot and wounded
while attempting to escape.

Dublin's Castle account of the
raid describes the factory as ex-
tensively and completely equip-
ped with furnaces and machinery
of a modern character. No work-
ers were there at the time, but
the moulds still were warm as
the bombs had been freshly
cast. Two hundred bombs in
various stages of manufacture
were found.

There was evidence says the
castle report that the filling of
the bombs was done in an ex-
tremely haphazard and danger-
ous manner, as detonators, loose
powder mixed with all kinds of
cartridges and specks full of
gelignite and other explosives
were found lying all about the
place.

Loaded revolvers were on the
benches presumably for the use
of the workers if necessary. It
is estimated the factory could
turn out hundreds of bombs
monthly.

Some large and powerful ones
were among those discovered and
a number of documents were
seized.

NEW TYPE OF VESSEL SERVES TWO PURPOSES

Used as Service Launch in Times
of Peace—Torpedo Boat in
War Times.

NEW YORK, Dec. 11.—A high
power motor boat during times
of peace can be carried on bat-
tleships as a service launch, and
in war converted in a few mo-
ments into a deadly torpedo boat
was demonstrated here today in
the launching of the first vessel,
of new naval auxiliary known as
"Type A-3 Sea Hornet."

The "Sea Hornet" type was con-
ceived during the war and was
held as a navy secret, its opera-
tion being prevented by the arm-
istice. It is a twin screw 600
horse power motor boat, 58 feet
long with a hinge bow which
drops from place. In the bow is
a twenty one inch torpedo carry-
ing in its war head 600 pounds
of high explosive. Two additional
torpedoes are carried as well as
depth bombs. When in opera-
tion as a war craft the "Sea Hor-
net" which carries a crew of four
men sinks until a little more than
one foot of the hull is above the
water line.

The plan of the inventor and
those interested in the invention
is to have the boat operate in
squadrons or, or rather swarms
against enemy craft.

IOWA PHYSICIAN
IS ARRESTED

Creston, Ia., Dec. 11.—A war-
rant for Dr. P. J. H. Goad, form-
erly a physician at Afton, near
here, charging him with viola-
tion of the Harrison drug act,
has been issued by federal au-
thorities it became known here
today. It is alleged packages
containing opium, supposedly
sent by the physician, have re-
cently been intercepted at Afton
by federal officers.

BUSINESS SLUMP IS ONLY RETURN TO NORMAL TIMES

Is Opinion of Charles
M. Schwab, Steel
Magnate

PLEADS ECONOMY
IN GOVERNMENT

(By The Associated Press)
NEW YORK, Dec. 11.—The ex-
isting slump in business is only
the natural transition of indus-
tries returning to a normal basis
from the speeding up of produc-
tion made necessary by the war,
declared Charles M. Schwab,
chairman of the board of direc-
tors of the Bethlehem Steel cor-
poration, in an address here to-
night at the annual dinner of the
Pennsylvania society.

"I want to go on record here,"
said Mr. Schwab, "as saying that
nothing could be healthier for Ameri-
can business than the very con-
dition thru which we are now
passing; the severer the storm
now the quicker it will be over
and the sooner we can emerge
into clear weather and shape our
course upon the sea of prosper-
ity."

Commenting upon the status
of unemployed laborers, Mr.
Schwab stated that the great need
of the world today is to "work
hard and save."

This, he said, applies to men
of means as well as working men.
The man who fails to work was
characterized as a "slacker" who
"deserves no place among hon-
orable men."

The foreign trade of the United
States depends on the power of
business to think "industrial-
ly," Mr. Schwab said in advok-
ing the plan of trusting in the
good faith and productive power
of Europe by sending raw ma-
terials and accepting in payment
securities representing their pro-
ducing activities.

Increase in Production.

During the last two years, Mr.
Schwab said there has been the
smallest annual production in
this country since 1913. He de-
clared efficient production was
the only guarantee of employment
and higher wages.

"Never in our life time," said
the speaker, "have the shelves of
the world been so bare. At the
moment our export trade hangs
by a slender thread. We are rap-
idly getting into a position where
the whole world owes us money
and yet cannot pay it."

"We are getting relieved of the
impurities of our business life.
The process is not complete yet
but the patient will in time be
cured and when he is cured the
great body of American business
will emerge with a vigor and an
energy the world has never be-
fore known."

Mr. Schwab made a plea for
economy in government, demand-
ing "the same degree of efficiency
in government as we require in
private business."

Immediate revision of taxation
was also urged by Mr. Schwab as
a means for promoting national
prosperity.

NEW FACILITIES FOR NAVAL REPAIRS

WASHINGTON, Dec. 11.—
Greatly augmented facilities for
construction and repair of naval
ships have been provided thru the
completion of the extensive pro-
gram of 1916 by the bureau of
yards and docks, according to the
annual report of the bureau chief
Rear-Admiral C. W. Parks. Ad-
ded construction facilities include
three new dry docks, two bat-
tleships, six destroyers,
four submarines and four min-
esweepers. Expenditures during
the year totalled over \$41,600,-
000.

WILL DISALLOW TAX REFUNDS

WASHINGTON, Dec. 11.—
Claims for tax refunds based on
losses in inventory after Decem-
ber 31, 1919, will be disallowed
by the bureau of internal reve-
nue, Commissioner Williams an-
nounced tonight. Referring to
reports that the bureau had al-
lowed or would allow such re-
funds the commissioner said:

"The 'Sea Hornet' type was con-
ceived during the war and was
held as a navy secret, its opera-
tion being prevented by the arm-
istice. It is a twin screw 600
horse power motor boat, 58 feet
long with a hinge bow which
drops from place. In the bow is

ing in its war head 600 pounds

SHREVEPORT CITIZENS EXECUTE OLD MAN GLOOM

Shreveport, La., Dec. 11.—Under
direction of the Noble Order
of the Brotherhood of Gloom
Chasers, recently organized here
by business and professional
men, "Old Man Gloom," was ex-
ecuted in the parish jail this af-
ternoon and his funeral, with
procession led by a band and fol-
lowed by a hearse was partici-
pated in by hundreds of citizens.

In the tombstone there was
placed an epitaph announcing
that Old Man Optimism had be-
come supreme.

Plymouth, Mass., Dec. 11.—
Charles Ponzi today entered up-
on service of his sentence of five
years at the Plymouth county
jail that was imposed by the fed-
eral court as punishment for the
fraud by which he obtained mil-
lions of dollars from thousands
of persons. His wife intends to
leave the mansion home which he
bought in Lexington to come
here and work in order to be
near him.

PASSENGERS OF "SOVIET ARK" TRY BLOW UP OFFICIALS

ARK MEMBERS ARE
WIDELY SCATTERED

(By The Associated Press)
WASHINGTON, Dec. 11.—
Members of the party deported
nearly a year ago on the "soviet
ark" Buford, with Emma Gold-
man and Alexander Berkman
have attempted to blow up offi-
cials of the Russian soviet gov-
ernment, according to infor-
mation received today at the de-
partment of justice. The at-
tacks said Marcus Oradowsky and
Arthur Katjes, were in jail at
Moscow for attempting to plant
bombs in a building occupied by
the general executive committee
of the soviet government there.

Schnabel, formerly head of the
union of Russian workmen, the
reports said had been killed by
the Japanese in Siberia while
engaged in railroad work there.

Peter Branky was reported to
have entered the ranks of the
communist party and to be as-
sociated with the international
propaganda bureau at Petrograd.

Hyman-Perkins was said to be
employed in Odessa both the
Schnatz brothers in Kiev, Kush-
neroff working in the soviet bu-
reau in Moscow and Paul Kaval-
off working on a tug boat near
Petrograd.

WHEREABOUTS OF CLARA SMITH IS STILL UNKNOWN

Hot Trail to Fort Worth
Has Become
Cold

MADE BRIEF STOP
IN CISCO, TEXAS

ARDMORE, Okla., Dec. 11.—The
whereabouts of Clara Barton
Smith, charged with murder in
connection with the fatal shoot-
ing of Jake L. Hamon here re-
cently, remained as much a mys-
tery here tonight as during the
twenty days she has been sought
thruout the country and in Mex-
ico, according to officers interest-
ed in the search.

The "hot trail" which she was
reported to have taken from an
unnamed Mexican haven thru
El Paso to Fort Worth, where
she was expected to confer with
attorneys yesterday in regard to
the Hamon shooting seems to
have become cold. Russell B.
Brown county attorney who filed
the charges against her said to-
night.

Mr. Brown said he had abso-
lutely no information in which
he could place credence as to the
whereabouts of Miss Smith. He
said the latest news he had re-
ceived pertaining to the young
woman's movements and which
he felt sure was authentic was
the report of her brief stop in
Cisco, Texas, several days ago.

HOUSE WORKS ON REVENUE ACT

Would Repeal Excise Tax on
Automobiles and Other Com-
modities—Luxury Taxes on
Wearing Apparel Would Also
Go.

Washington, Dec. 11.—Substi-
tution of a one per cent sales
tax on the excess profits and
most of the excise levies is pro-
posed in an amendment to the
revenue act introduced today by
Representative Mott, of New
York, a Republican member of
the house ways and means com-
mittee.

Sales aggregating not more
than \$200 a month would be
exempt.

Among excise taxes Mr. Mott
favored repealing are those on
automobiles and automobile ac-
cessories, sporting goods, candy,
art subjects, motor boats, medi-
cine drugs and perfume. The
luxury taxes on wearing apparel
also would be abolished as
would the tax on theatre admis-
sions and on soft drink bever-
ages and cream. Mr. Mott
estimated that the sales tax
would net an annual revenue of
nearly one and a half billion col-
lars, about offsetting that now
received from excise taxes he
proposed to abolish.

One outgrowth of the conference of bankers and financial men in Chicago will probably be the providing of some way whereby business men and others can help themselves. Legislation is all right in its place, loans come in with saving strength in many instances, but a certain amount of self-help is essential.

Areola is another city where the water problem has been a great source of worry. Now the citizens have decided to issue bonds and to put in a system that will furnish the necessary supply. That is another case of self-help.

Members of the Illinois Bankers association of group 3, representing eight counties in northern Illinois, are enthusiastically on record in favor of a state constabulary law. When one considers the raids that bandits and highwaymen have carried on with the banks as their principal points of operation it is not surprising that the bankers desire this added protection for themselves and their depositors.

CO-OPERATION
THE BIG WORD.
In another part of this paper appears a notable article by Mr. Cutter, superintendent of the central division of the Associated Press. Mr. Cutter sees co-opera-

tion as the great need of the time. Such a thought is not new but Mr. Cutter does give new emphasis to it. His suggestions are of a kind that merit careful weighing on the part of employees and employers, the attention of fellow workers—yes and of citizens generally. One cannot read the Cutter summing up of the situation without being again impressed that the word "co-operation" is just about the biggest in the English language, and that a keener appreciation of its meaning can work wonders, especially now.

MR. HOOVER'S REMEDIES.
Mr. Hoover, in addressing the conference of Chicago financial men, in a very pertinent way pointed out the needs of the United States in its relationship to the rest of the world. He told why betterment of the credit situation is necessary and why for the benefit of all concerned there must be a readjustment of exchange rates. The views of Mr. Hoover will have some weight, for he speaks with authority on international conditions and his own record is such that business men will consider his words with greatest care.

One who reads Mr. Hoover's suggestions is impressed with the fact that something besides legislation is needed in the present situation, and that certain fundamental conditions must be met and changed before there can be a resulting betterment for the United States as a whole.

MRS. DUE'S LIFE OF SERVICE.
After all is said and done, about the greatest thing in this life is service. The man or woman who catches that thought and then lets it dominate his or her life accomplishes about all that is worth while. That means unselfishness—the forgetting of personal interests or comfort in the great desire to serve. In such lives the facts of wealth or social position are mere incidents. It doesn't matter much to them whether life is full of plenty or

that strict economics are necessary. Men and things are estimated at their true worth. Those who serve know what are the real values.
In this all too limited group belated Mrs. Caroline M. Duer, known to many Morgan county people and beloved by just as many. To Mrs. Duer came her full share of life's cares and disappointments, but she was one of those women for whom those incidental things formed just the background. They were insignificant to her, as she contemplated the larger things—forgot about them in her unselfish devotion to family, to friends and to mere acquaintances. Mrs. Duer's life was one of genuine unselfish service and so it was a great life, with an influence that will go on and on for countless days.

Rippling Rhymes
By Walt Mason

The Secret Sorrow.
I have a sorrow in my breast,
A brother to despair; and I've
concluded it is best to keep the
blamed thing there. You ask,
"What is this carking woe, that
has your soul capsized?" But you
will never, never know—it won't
be advertised. I've found a
martyr never fails men's sympathy
to share, so long as he omits
details about his Secret Care.
This best to merely shed a sigh,
and sadly was one's ears, and
carry in one's starboard eye
a pair of unshed tears; and one
may spring some cautious hints
about his broken heart, but if he
hands out large blue prints, the
listeners depart. A mystic sorrow
undefined, its boundaries in
doubt, appeals quite strongly to
the mind of every human scout.
Men wonder what has wrecked
your past, destroyed your fondest
goal, and frozen, as with winter
blast, the current of your soul.
And there is pity in their glances
when they contemplate; you are
a figure of romance, a Manfred
up to date. But if you tell them
you have corn, they mutter,
"Shoo!" or "Seatt!" For every
honest voter scorns a sordid woe
like that. And so I leave a soul-
ful sigh, as one who'd fain be
dead; but if you ask the reason
why, I merely shake my head.

DIRECTING CHRISTMAS GIVING
An earnest appeal is being made by many that the Christmas giving be so directed that it may properly benefit and not hurt.

At the regular business meeting of the case committee of the Social Service league, a request was made by a representative of the Rotary club that the Social Service league be used as a clearing house for all gifts and Christmas donations by all organizations and individuals of the city in their giving, thereby eliminating the possibility of overlooking some homes and duplicating in others.
We are asking the hearty cooperation of all clubs, organizations and individuals to make this plan possible, by getting in touch with Mrs. Charles Fawcett, chairman of the case committee, as early as possible so that this plan may be worked out in detail; or by leaving the lists of names of those who are to be remembered at the Social Service league headquarters. They will reach Mrs. Fawcett and her committee.

MRS. S. W. NICHOLS' LIFE JOURNEY IS CLOSED

Death Came at Midnight Saturday Following Brief Period of Illness.

Following only a few days of illness, Mrs. Elizabeth Nichols, wife of S. W. Nichols, passed away at midnight Saturday at the family home on West College street. Mrs. Nichols, who was born in Scotland, had the fine and sturdy characteristics of her race. She was a woman of lofty ideals and generous heart and the hospitality of her home was unfailing. In the earlier years as Mrs. James English and in the later time as Mrs. Nichols, she held an important place in church and philanthropic work in the city and in the hearts of her friends. But while interested in church and charity work, it was as a homemaker that Mrs. Nichols took first place. Her sudden death came as the result of pneumonia. She had previously been thru the strain of illness at the home of a relative, and in her condition was not strong enough to withstand the disease.

The deceased is survived by her husband, Samuel W. Nichols, two daughters, Miss Frances English at home, and Mrs. Margaret English Huber of Elgin.

The funeral service will be held Tuesday afternoon at 2:30 o'clock from the Congregational church.

A special consignment of MINK FUR PIECES priced right will be placed on sale Monday morning by FRANK BYRNS Hat Store.

LARGE AUDIENCE HEARD DRINKWATER'S PLAY

Presentation by Prof. Clark of "Abraham Lincoln" Gave New Understanding of Great American—Woman's Club and Guests Made up Audience.

Professor Clark of the University of Chicago presented Drinkwater's "Abraham Lincoln" at the monthly meeting of the Woman's Club held Saturday afternoon at Music Hall, Illinois Woman's College. The audience present filled the large assembly room. Mrs. O. F. Buffe, president of the club, presided and expressed the pleasure that the organization had in arranging for the program of the afternoon. Mrs. Carl E. Robinson sang a group of songs in a way which demanded enthusiastic approval of the audience.

Prof. Clark is a Lincoln student of wide fame and his presentation of the famous play was more than a reading. There were explanatory paragraphs to give to the auditors a correct understanding of the times in which Lincoln lived and his relationships with other men identified with public affairs. There were statements to make clear the character of the man to show his earnestness and devotion, his willingness to make any sacrifice for a great ideal. Lincoln was shown as a man of surpassing vision. So the comments of the reader in addition to the lines of the play presented to the audience historical facts of great interest and educational value.

Members of the club and their guests accounted themselves fortunate in the opportunity to hear Prof. Clark. The program yesterday was under the direction of the education committee of the club, which includes Miss Mary Anderson, chairman; Miss Isabel Smith, Mrs. L. S. Doane, Miss Janette Powell, Mrs. Robert Shoemaker and Miss Clara Cobb. Mrs. Ernest Sovern is chairman of the house committee and the ushers yesterday were Mrs. Ernest Stout, Mrs. W. A. Fay, Mrs. William Goebel, Mrs. Sovern, Misses Virginia Marion Miller.

REORGANIZED BANK STOCKHOLDERS MEET

E. E. Crabtree Is President of Farrell State Bank—Other Officers and Directors Named.

A meeting of the stockholders of the Farrell State Bank was held at 4:30 o'clock Saturday afternoon at the bank. The following directors were chosen: Felix E. Farrell, E. E. Crabtree, Marcy W. Osborne, T. A. Chapin, John S. Hackett and F. J. Blackburn. The directors held a meeting immediately following that of the stockholders and the following officers were chosen:

President—E. E. Crabtree.
Vice president—Felix E. Farrell.
Vice president—T. A. Chapin.
Cashier—Marcy W. Osborne.
Assistant cashier—Miss Bess Hadden.

By-laws were adopted and some other routine business was given attention. The capital stock of the bank is \$200,000. Mr. Farrell has been president of the bank of F. G. Farrell & Co., but expressed his wish to the directors yesterday to be less active in the management of the bank and to have a larger freedom for looking after personal interests.

The bank in making preparations for changing from a private institution to a state bank has had the advice of Carl H. Weber, a bank examiner. Now that officers and directors have been chosen, there are several other legal steps necessary, including inspection of the capital stock of the bank, which must be in actual cash. It is the expectation that these steps will be completed at an early date in the coming week and that the charter will be delivered.

A year ago there were 600 private banks doing business in the state of Illinois, and according to the law now upon the statute books they must become state banks prior to January 1, 1921. Many of the banks have already made the change and the others will do so in the course of the next two weeks.

The private banking institutions of the state have had a large place in its financial growth and industrial development. However, the law requiring the change has its good points and the increasing number of state banking institutions will no doubt provide for the further growth and development of business.

MORGAN COUNTY S. S. ASSOCIATION MEETS

Regular Meeting Held Saturday Afternoon at Ayers Bank Building—Various Matters Discussed.

The Morgan County Sunday School association held a regular session yesterday afternoon in the basement of the Ayers National bank building. The president, Fred J. Schofield did not arrive until some time after the session began and in his absence Arthur Swain led in prayer. A. C. Rice presided. The minutes of the previous meeting were read and approved and reports of the standing committees were called for.

It was moved that the county president and secretary submit a budget for the coming year's activities for the finance committee and this was carried. Secretary Findley made a report of the three precinct conventions which have been held at Lynnville, Hebron and Durbin, and states that the meetings were well attended and great interest manifested.

A letter was read from Mr. Burney, state secretary, suggesting that arrangements be made for a district conference of county officers to be held in Jacksonville Feb. 8. He further suggested that a county council meeting be held the second Friday in January if possible. The county council is composed of the county officers, the officers of the county precinct organization and the superintendents of the various Sunday schools of the county. It is probable that this meeting will be held at the noon hour and a dinner served, the place to be announced later.

Among those present Saturday afternoon were Arthur Swain, A. C. Rice, A. A. Curry, C. H. Weber, W. H. Crum, C. L. DePew, Wilbur Hauck, Mrs. R. R. Stevenson, Mrs. Charles Hopper, J. S. Findley, F. J. Schofield.

The Greatest Picture Since "The Birth of a Nation"
William Christy Cabane's powerful human document, "The Stealers." There is born to the screen in "The Stealers,"—a page from life—so wonderfully wrought by the hands of a master, moulding the character of a man—that the picture lives and breathes.
Nothing was sacred to the Stealers. They even stole in the Mission Tent. But it was another matter when—The Stealers is a story of Good Bad Men and Bad Good Men
Every Man, Woman and Child Who Lives and Loves Should See "THE STEALERS"
WHAT YOU'LL SEE IN "THE STEALERS"
How a supposed Man of God got his orders from Hell.
The girl pickpocket who married into society—and why she did it.
The largest number of people ever used in a motion picture production.
A house struck by lightning and the thrilling rescues from the blazing dwelling.
The most dramatic portrayal of a prayer the world has ever seen on a silver sheet.
Why the greatest enemy to mankind is the man whose mind has been poisoned by hate.
The Man of Dawn—a man who appreciates life for the better things that it contains.
The county fair—with all the familiar characters and some new ones who make it even more interesting.
The most extraordinary photography of the elements ever caught by the camera—photographs of real lightning.
The soul's most beautiful truth—that man is master of thought, the moulder of character and the maker and shaper of condition, environment and destiny.

FARMER-LABOR PARTY TO MAKE CAMPAIGN

Will Organize Party in Every
 State — Place Full National
 and State Tickets in Field at
 Every Election.

(By The Associated Press)

Chicago, Dec. 11.—The Na-
 tional committee of the Farmer-
 Labor party today completed
 plans for what it announced
 would be an aggressive campaign
 to organize the party in every
 state and place full national and
 state tickets in every election.

The proposed organization
 would be affected largely thru
 labor unions according to the
 announcement made by the com-
 mittee. The statement invited
 all labor unions to join in the
 effort for united, independent,
 political action of the workers,
 by sending delegates to the
 Farmer-Labor conventions.

The plans of the party will be
 placed before every labor union
 in the country by representatives
 of the party.

Frank Esper of Illinois re-
 signed as secretary of the national
 committee and Jay G. Brown, of
 Seattle, Wash., was elected to
 succeed him. Mr. Esper will
 continue as Illinois secretary of
 the party.

The following executive com-
 mittee was elected:
 John Fitzpatrick, Illinois; Mrs.
 Alice Moyer, Utah; Toscan Ben-
 nett, Conn.; Mrs. F. H. Evans,
 Indiana; Dan Richmond, Mis-
 souri; William Kohn, New York.

**SUMMARY OF NOVEMBER
 WEATHER CONDITIONS.**

Springfield, Ill.—Not since 1890
 has there been more cloudiness and
 less sunshine in Illinois than during
 November. Clarence J. Root, state
 meteorologist reports in his summary
 of weather conditions for November.
 He says:

"The temperature averaged some-
 what below normal, but there was
 an excess of several of the northern
 division stations. The precipitation
 for the entire state was less than
 one-half of the normal amount and
 was smaller in only previous No-
 vember. There was more cloudiness
 than in any similar month since
 1896 and as a result, the sunshine
 was about 10 per cent less than
 usual. The weather was favorable
 for corn harvest but husking pro-
 gressed slowly on account of labor
 shortage. There was much soft and
 chuffy corn. Winter wheat was in
 good condition; it would have been
 benefited by more rainfall. Pastures
 were short."

The highest temperature accord-
 ing to Mr. Root, was 60 to 78 de-
 grees, recorded on the 6th, 19th and
 20th. The lowest station reading
 ranged from 8 to 19 degrees on the
 12th and 13th. Forty per cent of
 the observers throughout the state re-
 ported actual totals of less than an
 inch of precipitation. Snow fell over
 the entire state, but measurable
 amounts were confined to about
 one-third of the northern and cen-
 tral stations. The snowfall, says
 Mr. Root, was much lighter than
 usual.

Dr. A. M. Johnson of Concord
 was in the city on business yes-
 terday.

DIAMONDS—Charlemagne's Gift

"Charlemagne's gift was a single diamond cunningly wrought into a ring for the finger. 'For,' said he, 'no other gem is worthy of her beauty, purity and radiance.'"—Ridpath.

THEN, only a Charlemagne could give a diamond, finely mounted. This kindly gift has NOW the virtue of a true economy—especially when purchased here.

Unless you are a diamond expert, your purchase of a diamond should be made from a firm of known integrity and with an established reputation as diamond merchants.

For many, many years we have served the people of Jacksonville and vicinity in this capacity, and you may purchase from us in perfect confidence of receiving the greatest value for the amount expended.

HAND WROUGHT JEWELRY

TAX WORK MOVES ALONG RAPIDLY

County Clerk Has Property Valuation Figures—Rates Will Soon Be Available.

County Clerk G. L. Riggs and his assistants have been busy for several weeks with tax work. As the result of their activities, Mr. Riggs was yesterday able to give the figures on total property valuations in the county as follows:

Land—\$13,988,490.
Lots—\$5,570,070.
Personal property—\$6,338,505.
Railroads—\$2,283,404.
Telephone and telegraph—\$58,855.
Total—\$28,245,474.

The county clerk is now able to figure out the different rates and this work will be pushed along just as rapidly as possible. Then as soon as the state rate is received, the work of tax extension can begin. The tax work has moved along smoothly and the progress is considerably ahead of last year.

CONGREGATIONAL CHURCH HISTORY

Society Has Had Great Influence On Life of Community—New Addition Will Be Dedicated Today.

Dec. 15, 1833, saw the birth of the Congregational church of Jacksonville. Then it was that some brave, unselfish souls determined to undertake an enterprise that involved hard work, self denial and many hardships, but all was bravely borne. Among the number were Elihu Wolcott, Dr. M. M. Reed, Ebenezer Carter and others who had the love of God and their fellow men in their hearts. The beginning was humble, as a matter of course, and the early years witnessed many hard struggles. From various homes the society moved to the fine edifice on West College avenue and when it was completed it ranked among the best church buildings in the community.

Anything like a complete history of this enterprise would be far too long for reproduction here. The original contractor is S. C. Chumley and the greatest praise is due him for the energetic and satisfactory manner in which he has carried out the work. All has gone smoothly; there has been hardly any friction between him and the committee and he will always be kindly remembered by all who had anything to do with the work. The heating of both new plant and main structure was done by the Jacksonville Plumbing and Heating company, the electric wiring by G. A. Sieber, the decorating of the new part by W. A. Benson, sub-contractor under Mr. Chumley; the decorating of the main audience room by Schaumbacker of Springfield, who decorated the opera house.

And while we are about it, justice to whom justice is due. Quietly, out of sight, in nobody's way but always on hand when wanted, has been the faithful sexton, Remond Hay, for whom a bright crown above is in waiting.

Many Had Part.

The main audience room decorating committee are Mrs. H. M. Havenhill, Dr. Grace Dewey, Miss S. F. Wood and Miss Georgia Fairbank. The young women's guild have undertaken to equip the primary department and rest assured they will do it. They have also redecorated the chairs and tables, made curtains and have done other work. The Ladies' Aid society will furnish the parlor named in memory of the Joy Prairie Congregational church and called the Joy Prairie Congregational church memorial parlor.

In estimating and considering what has been done not nearly all should be charged to the new building. The heating plant supplies the whole structure, old and new; new front doors have been supplied the main audience room, which has also been redecorated; new gutters and downfalls have been put up and a fine system of concrete walks has been constructed for both church and parsonage property.

Today the dedication exercises mentioned in the Journal yesterday morning are to begin. The committee in charge are Rev. W. E. Collins, Miss Maria Fairbank, Mrs. W. A. Fay and Mrs. F. J. Heint.

Church Entering New Era.
The church is beginning, as it were, a new era in its history. All efforts are being made to conserve the young who are coming forward in gratifying numbers; the spirit generally pervading the society is good and with it all is the one central thought, the man purpose above and beyond all else, to win souls to Christ.

The church and congregation have had a large part in the welfare of the community and have been an influential factor in the progress and prosperity of the city.

But the world moves, and business, societies, churches and all other organizations must move with it or be left in the rear, and so with the Congregational church of Jacksonville. The building that served so good a purpose in years gone by would not do for the best work of the present day. Without undue sensation or improper methods, means must be secured to attract the rising generation to the portals of the church and its work. That fact was brought home strongly to the Congregational church of this city and to that end the addition to be dedicated today was undertaken. Prices were high and many drawbacks presented themselves but it seemed best to go ahead and the work was undertaken. Plans and specifications were secured, the people were consulted and a good majority voted to proceed.

Where so many have had a hand in the work and all have done so well it is hard to mention some without omitting others that should be mentioned. The members of the building committee have been Earl M. Spink, R. P. Joy, A. D. Fairbank, Dr. Grace Dewey, Mrs. H. M. Havenhill, Mrs. W. T. Wilson, Dr. C. E. Black, H. M. and L. S. Doane, treasurer of the special building fund.

H. L. Caldwell has been the general superintendent of the work and well has he performed his arduous duties and throughout the whole the worthy pastor, Rev. W. E. Collins, has been indefatigable, unselfish and untiring in every department and most efficient. He has been the moving spirit of the whole undertaking and has sacrificed greatly that the work might be done. All have worked together and the fact that dedication comes within six months from the time ground was broken speaks well for the contractor and all connected with the enterprise.

MARRIED IN PRETTY HOME CEREMONY

Miss Marion Williamson Is Bride of Mr. Louis Hauck—Service Said Saturday Night.

A very pretty home wedding took place at the home of Mr. and Mrs. A. B. Williamson, 614 Jordan street, Saturday evening when Miss Marion Williamson became the bride of Mr. Louis Hauck.

Promptly at eight o'clock, the bridal party entered the living room to the strains of Lohengrin's Wedding March, played by Miss Lillian Carter, and stood before a beautiful embankment of ferns and lilies.

The impressive ring ceremony was used by Dr. A. A. Todd, pastor of First Baptist church.

Mrs. Hauck is the eldest daughter of Mr. and Mrs. A. B. Williamson. She is a graduate of Jacksonville high school and has for several years been one of its efficient corps of teachers. Mrs. Hauck is a very competent and charming young woman and her many friends will join in hearty congratulations.

Mr. Hauck is a son of Mr. and Mrs. P. J. Hauck of Nashville, Ill. After his graduation from his home school, he entered Brown's Business College of this city. Since his graduation from this institution he has been one of the valued employees of the Dunlap-Russell bank, with the exception of one year, when he served his country in France. He is one of the rising young business men of sterling character.

Both young people are popular among a wide circle of friends. After a brief wedding trip, they will be at home at 756 West North street.

MRS. C. M. DUEB'S LONG LIFE HAS CLOSED

Death Occurred at Farm Home Near
Divernon—Funeral Tuesday Noon
at Union Baptist Church.

Announcement of the death of Mrs. Caroline M. Dueb was received in Jacksonville Saturday morning. Mrs. Dueb passed away at 3 o'clock at her home near Divernon in Sangamon county. Death came as a release from suffering for Mrs. Dueb had been critically ill for a month past and was unconscious during the greater part of that period. It was three months ago that the deceased suffered an attack of an apoplectic type and it was then thought the end was very near. However, there came a period of renewed strength lasting for four or five weeks, and then another attack.

There will be a funeral service held at the house Tuesday morning and then the remains will be conveyed to this county and a further service held at Union Baptist church near Pisgah station. The service in this county will be in charge of Rev. Thomas W. Smith, pastor of Westminster church, who had long been a friend of the deceased.

Until about ten years ago Mrs. Dueb was a resident of this city and the Dueb name was one of the best known in Morgan county. The same was true of the name Rannels, for Mrs. Dueb prior to her marriage was Miss Caroline M. Rannels. Following her marriage to Mr. Dueb the family home was for years on the Dueb farm in Pisgah precinct. Subsequent to Mr. Dueb's death the members of the family became residents in Jacksonville, occupying the handsome home built for them at 1203 West State street, now owned by C. N. Priest.

Mrs. Dueb during her long residence in Jacksonville was very actively associated with Westminster church. She was especially interested in philanthropic and missionary enterprises. A woman of broad sympathy and great generosity, it was her pleasure to do good wherever the opportunity offered and it can be with truth said that she was constantly in search of opportunities. Her home was known for its hospitality and those who crossed its threshold were sure of a cordial and genuine welcome. Changing conditions brought the removal to Sangamon county and the new home near Divernon.

Mrs. Dueb is survived by two daughters, and one son: Mrs. Martha Lamb, living in Kansas; Miss Anna Dueb at home and Rev. James M. Dueb of Clarksville, Tenn. In the later years and especially in the final months of her life, Mrs. Dueb had the unceasing attention of the daughter at home, and other members of the family spent as much time there as conditions made possible. One brother also survives, Charles S. Rannels of Chicago.

GENERAL SURVEY COMMITTEE MET

Took Action on the Various Reports Received in the General Survey—Officers Have Been Chosen.

The general survey committee of the Red Cross met at headquarters Saturday evening to take action on the reports of the different units engaged in the survey. Miss Belden explained to the committee the steps usually taken in these matters and it was decided that after the reports were sent to state headquarters and reviewed there, that their findings and recommendations be given the people of the county at a community meeting to be called by Dr. Carl E. Black as chairman of the general survey committee and Mr. H. J. Rodgers as chairman of Morgan County chapter.

The reports are voluminous and will be returned from Chicago with suggestions as to the proper form to be used in publicity and also with recommendations as to the work to be pursued by the chapter as based on analysis of the reports.

Miss Belden who had charge of the survey has certainly done a very creditable piece of work, and the committee in recognition of this extended her a vote of thanks, and also instructed the secretary to notify headquarters of their hearty appreciation of her efforts.

A meeting of the board of directors of the Red Cross was held in the headquarters at the library Friday evening. The following members were appointed to serve on the executive committee for the ensuing year:

Chairman—H. J. Rodgers.
Vice Chairman—Rev. W. E. Collins.

Treasurer—William Barr Brown.

Secretary—Mrs. F. J. Heintz.
The other members of the committee are: J. J. Kelly, Miss Mary Wadsworth, F. J. Andrews, C. T. Mackness and Mrs. O. F. Euffe.

I am closing out my Phonograph department. I have only two on hand yet to dispose of. They are both standard make and will be sold at a great reduction. I also have a large assortment of Columbia, Victor and Pathe Records, that will be sold at reduced prices.

O'CONNELL CASE IS SET FOR TOMORROW

Attorneys Who Appeared in Trial Here Last December are Again Retained.

The O'Connell murder trial will be called in the circuit court Monday morning with Judge Smith presiding. There is every indication that the case will be again tried out there is a possibility of an effort for continuance. Mr. O'Connell, who is now a resident of this city, is accused of the murder of Elwood Lent in Brown county, in 1917. He shot Lent after an altercation resulting over the alleged theft of a piece of iron pipe. The case was continued from one cause and another in Brown county and then came to Morgan county on a change of venue. The trial at the November term of the circuit court here continued for one week and the jury was unable to reach an agreement.

Mr. O'Connell will be defended by Hartzell and Cavanaugh of Carthage and Judge Dietrick of Beardstown. The prosecution will be conducted by Former State's Attorney Vandevanter of Brown county and John E. Wall of Quincy.

NO VAMPIRES IN OFFICE OF THIS FRIGID EMPLOYER

Constance Talmadge as Mary Bloke, falls in love with a multi-millionaire, Jim Stanhope. She feels the love surge, and to always be near the shrine of her affections, Mary applies for a position in his office, unaware of the fact that Jimmy's hobby is resisting women. He barricaded himself against the charms of the other sex, by employing a character reader who could spot designing young ladies at a half mile. Mary runs head-long into the character expert in seeking the position, and the competent reader of innermost thoughts unceremoniously shows Mary the door. Mary is wise, however, and went home to adjust her homely disguise.

How she got by the character man on the second trip, and the subsequent development of this entertaining plot will be shown when "The Perfect Woman" comes to the Majestic theater tomorrow and Tuesday.

DECLARES SERIOUS PROBLEM FACES NAVY

Chief of Bureau of Navigation Declares Officer Personnel of Navy Should Be Augmented to Full Strength—Post-War Reaction at an End.

WASHINGTON.—By the Associated Press.—Declaring that the officer personnel of the navy should be augmented to full strength and placed on a permanent basis "with the least possible delay" rear Admiral Thomas Washington, chief of the bureau of navigation in his annual report to Secretary Daniels today describes the personnel situation as the most serious problem before the navy. Even the 1,200 reserve and temporary officers are taken into the regular establishment as permitted by law during the coming year the shortage of officers May 1, 1921 will be equal to seven years' output of the naval academy, Admiral Washington declares.

From present indications and unless remedial legislation is obtained the temporary appointments of 7 rear admirals, 67 captains, 154 commanders and 380 lieutenant commanders will have to be revoked July 1, 1921 due to shortage of officers in the lower grades, the report says.

Change in Point of View Necessary.

More attention must be paid to the personnel side of the conduct of the navy, Admiral Washington says, asserting that "this point of view does not now prevail."

"The attention of the navy and of all those who in any way enter into the activities of the navy must be concentrated equally on the ships and the men who man them," the report says. "The long period of material reconstruction covering new building programs has diverted too large a share of service attention from questions of personnel."

Commenting on the enlisted man situation, Admiral Washington states that the navy has very largely recovered from the post-war reaction that virtually stopped recruiting. At the rate now men are now entering the service the authorized strength will be reached by July 1, next, his report states. Due to the loss of a large percentage of the navy's older enlisted men, however, the report says that the enlisted force has not yet gained normal efficiency.

Resignations during the fiscal year from the officer force have been serious, Admiral Washington says, the line being particularly hard hit. At the end of the year there were more than 450 fewer line officers in the service than on November 1 despite the fact that a class had graduated from the naval academy in the meantime. A total of 666 officers resigned from the regular navy during the year, of which 94 were line officers, leaving a shortage of about 2540 officers in the permanent establishment.

A considerable portion of the report was devoted to the naval reserve force, an annual appropriation of at least \$500,000 for the administration of this service being recommended.

A Measure of Economy.
"The expenditure of money for this purpose from year to year will at first appear perhaps large," says the admiral, "but when it is considered that the maintenance of this force in an efficient state will not only save the government a large share of the amount that would be expended for the purpose if war should again find us unprepared, but will actually insure victory on the sea following a declaration of war, an insurance is gained at comparatively small cost and as such is a measure of economy."

The World War demonstrated that the navy could not rely on the merchant service for officers and men in time of war, Admiral Washington states, urging in this connection that the members of

the merchant marine be given at least the fundamentals of naval training for use in time of emergency.

The naval reserve force now consists of 25,000 officers and 235,000 enrolled men, the report says, the majority of whom are interested in the work and will probably remain in the service. More than 8,000 of the officers and fully 100,000 of the men are qualified for the duties of their rank on combatant ships of the navy in time of war, Admiral Washington adds.

WOULD POPULATE
PALESTINE SPEEDILY

Self Supporting Jews Would Make Successful Commonwealth—Jewish People Here Must Contribute Money for Reconstruction Work.

NEW YORK.—By The Associated Press.—To populate Palestine speedily with a preponderating body of self-supporting Jews, who will develop into a homogeneous people, ultimately becoming a self supporting commonwealth, is the problem to be dealt with by the annual convention of the Zionist Organization of America beginning in Buffalo tomorrow.

Practically the whole of this task must be carried out by the Jews of this country, agents of that organization say. They assert that the war and its aftermath has almost completely impoverished European Jewry, and the depreciation of the money of such countries as Russia, Poland, Austria and Rumania, has compressed the remaining wealth to an almost irreducible minimum.

They add that European Jewry can contribute to the development of Palestine as the national homeland only the human material in the form of hundreds of thousands of pogrom-refugees now congesting every port from Danzig to Constantinople, and even along the Pacific awaiting opportunity to reach Palestine. While there is a small percentage of these refugees who have managed to escape with considerable capital, most of them are destined to be hewers of wood and drawers of water, farmhands and day laborers.

The Zionists declare that most of the money and constructive advice as well as the technical skill required for Palestine's development must come from the Jews of this country, and that the time has come for the Zionists to make it possible for all Jewish organizations and individuals to participate in the work. Zionists declare the Buffalo convention will have to remodel the machinery of the organization so that it can concentrate on its major task, the development of Palestine.

OXFORD TEACHERS STIR UP TEMPEST

People Indignant at Invitation to Germany Bury Hatchet—Times Says Invitation Is Ill Advised.

LONDON.—(By the Associated Press)—By reason of the tempest stirred up as the result of overtures by Oxford professors to German and Austrian educators to join them in burying the hatchet and return to previous amicable relations, the text of the appeal is attracting widespread interest.

The TIMES denounced the letter urging resumption of friendly relations between German, Austrian and British educators as "ill-advised and inopportune" and called the Oxford men to account for failing to distinguish between animosities created in England by the sinking of hospital ships and bombing of open cities, on the one hand, and the black passions of the wretches who perpetrated those crimes.

The text of the Oxford letter follows:

"To the Professors of the Arts and Sciences and to members of the Universities and learned societies in Germany and Austria.

"Since there will be many of you who fully share our heartfelt sorrow and regret for the breach that the war has occasioned in our friendly intercourse, and since you cannot doubt the sincerity of the feeling which engendered and cherished that old friendship, you must, we believe, be sharing our hope for its speedy reestablishment.

"We, therefore, the undersigned doctors, heads of houses, professors and other officers and teachers in the University of Oxford, now personally approach you with the desire to dispel the embitterment of animosities that under the impulse of loyal patriotism may have passed between us.

"In the field where our aims are one, our enthusiasms the same, our rivalry and ambition generous, we can surely look to be reconciled and the fellowship of learning offers a road which may—and if our spiritual ideals be alive must—lead to a wider sympathy and better understanding between our kindred nations.

"While political dissensions are threatening to extinguish the honorable comity of the great European states, we pray that we may help to hasten that amicable reunion which civilization demands. Impetuous radio dies imperitura est."

Fifty seven signatures are appended to the letter, including those of W. G. S. Adams, professor of Political Theory and Institutions; Sir Hugh Allen, director of the Royal College of Music; Rev. G. A. Cooke, Regius professor of Hebrew; Sir Arthur Evans, professor of Prehistoric Archaeology; Rev. A. C. Headam, Regius professor of Divinity; J. A. Smith, professor of Moral and Metaphysical Philosophy and many other well known college principals.

GALVESTON SENDING MUCH WHEAT TO EUROPE

Long Time Chief Cotton Exporting Center of Country Now Sends Large Quantities of Middle-Western Wheat to Europe.

GALVESTON, Texas.—(By the Associated Press.)—Galveston, long the chief cotton exporting center of the country, now is sending middle-western wheat to Europe at the rate of more than 6,000,000 bushels monthly.

Exports of this grain for the four-month period ending Oct. 31 last totaled 25,706,400.25 bushels as compared with 8,802,780.20 bushels in the like period of 1919, an increase of 16,903,620.05 bushels, according to figures made public by the grain inspection department of the Galveston Cotton Exchange and Board of Trade. The receipts of the grain here in the same period were estimated at roughly 23,500,000 bushels as against 20,250,000 bushels in the like months of 1919.

Dire shortage of railway equipment in the east is given by traffic experts as the reason for the unprecedented movement of the grain to this port. In past seasons the great bulk of the middle west's cereal was handled to the Atlantic seaboard and thence in bottoms for European destinations, they pointed out.

Great Britain leads all other European countries in the number of bushels imported, her October takings alone totaling 1,400,700 bushels. Italy was second in that month with 976,000 bushels; Belgium third with 908,000, and France fourth with 630,000 bushels. Cargoes which totaled 1,404,019 bushels of the

grain, which departed this port for Gibraltar, were re-routed thence to destinations in Czechoslovakia, Jugoslavia, Rumania, Greece, Turkey and other small European states.

VOTERS DO NOT FAVOR COMMUNITY HIGH SCHOOL

Edinburg, Ill.—Voters here recently voted 651 to 274 not to erect a community high school for Edinburg and the surrounding country. This is the fifth time the proposition has been defeated. Once it carried, but an error by the surveyor who drew plans for the school, the institution would have been located in the middle of a river near here. When the mistake was discovered and the proposition put to popular vote again, it failed. Voters generally, it was believed, favored building such a school but not at this time when building material is so costly.

INDIANA MAN IS CROWNED CORN KING

C. E. Troyer of La Fontaine Wins Sweepstakes With Ten Ears of Johnson County White Corn—Many Other Prizes Awarded.

CHICAGO, Dec. 11.—A new corn king, C. E. Troyer of La Fontaine, Ind., was crowned by the International Grain and Hay Show which ended in Chicago Dec. 4, with the distribution of \$10,000 in premiums by the Chicago board of Trade.

Troyer won the sweepstakes with a ten-ear sample of Johnson county white corn from a 17-acre field with a yield of 109 bushels an acre. Deep plowing, thorough cultivation and the free use of the hoe brought premier honors, Troyer said.

It is the second time a Hoosier has been made king of corn. Peter Lux of Indiana having won first honors last year.

J. E. Mummert, Astoria, Ill., won the single ear sweepstakes with his sample of yellow corn,

while John W. Lucas of Calgary, Alberta, carried off first honors for the best sample of oats and J. C. Mitchell of Dahinda, Sask., Canada, won first prize for the best sample of wheat. For the best sample of hay the special award went to W. T. Otcheck, Grinnell, Ia.

The country was divided into six regions. The special awards on corn of the ten-ear class were won by the following in their respective regions:

J. J. Shambaugh, Miles City, Mont., (yellow); Charles Laughlin, Three Oaks, Mich., (yellow); C. E. Troyer, La Fontaine, Ind., (white); Thomas Owen, Franklin, Ind., (yellow); Gil T. Buford, Pulaski, Tenn., (white); Fred C. Karr, San Francisco, Cal., (yellow).

In the single ear class the following won in their respective regions: C. Tilden, Ark. City, Mont.; W. W. Adams, Winnebago, Minn.; Leroy A. Haines, Princeton, Ia.; J. E. Hummert, Astoria, Ill.; Gil T. Buford, Pulaski, Tenn.; Fred C. Karr, San Francisco, Cal.

In the wheat section of the

show the following took honors in the different grades:

I. D. Keckley, Marysville, Ohio, (white winter); John Howell, Col., (red winter); J. C. Mitchell, Dahinda, Sask., Canada, (hard red spring); John Howell, Montrose, Col., (white spring); Sauerman Bros., Crown Point, Ind., (soft red winter); R. F. Goman, Oak Lake, Minn., Canada, (durum).

In the regional contests in oats the following were first in their respective regions: John W. Lucas, Calgary, Alta., Canada; V. R. Cohoe, S. Woodside, Ont., Canada; A. F. Troyer, La Fontaine, Ind.; A. A. Malsbury, Lowder, Ill.; B. M. Jackson, Monroe, La.; John Howell, Montrose, Col.

In the hay section Otto Wolf of LaCrosse, Wis., won first prize for clover; W. T. Otcheck, Grinnell, Ia., won first prize for red clover, and Stuart Bros., Waukesha, Wis., for alfalfa. First prize for rye went to Lewis Hutzler of So. Manitow Island, Mich.; for barley (two rows) Arthur Norum, Hallock, Minn., was first; in the six rowed W. J. Hartman of Manhattan, Mont., was first.

Those who took high honors in the other classes follow: Milo Maize, R. E. Hayes, Kas.; field peas, E. H. Buckingham, Clareholm, Alta., Canada; cow peas, C. L. Looney, Winchester, Tenn.; alsike clover seed, S. H. Proctor, Kimberley, Idaho; alfalfa seed, John W. Hardin, Kimberley, Idaho; timothy seed, Carl Holden, Williamsburg, Ia.; red clover seed, Hjelle Bros., Newfolden, Minn.; soy beans, Harry E. Shrook, Kokomo, Ind.; sweet clover, Darow Bros., Twin Falls, Idaho.

Agricultural experts characterized the show as the most comprehensive of its kind ever held and plans are being made to make it a permanent annual affair. The committee in charge of the show said it would go far toward a general crop improvement, and urged the Chicago Board of Trade to make possible the permanency of the movement by contributing at least an equal sum next year and annually thereafter.

THREE ARRESTED IN ROODHOUSE HOLDUP

Alton Men Held for Robbery of Todd Restaurant—Ruyie Has Disappeared.

Roodhouse, Dec. 11.—Sheriff Holmes of Greene county arrived here today with three prisoners, who, it is said, have confessed to the holdup of the Todd restaurant here early last Wednesday morning.

The prisoners are Dan Purcell, Cecil Delhanty and William Elger, all of Alton. The men were arraigned before Justice Feeds and waived examination.

The court fixed the bond of Purcell and Elger at \$2,500 each and that of Delhanty at \$1,000. The reason for this according to the authorities, is that the alleged confessions show that Purcell and Elger did the actual holdup work while Delhanty was merely a lookout.

When Mr. Todd, the restaurant keeper, went to Alton and recovered his diamond stick pin he told the authorities to turn the men loose, as he did not care to prosecute.

However, the authorities in Greene county viewed the matter in a different light. Accordingly, States Attorney McKnight took the matter up and made state cases of them and had the men arrested.

"Pug" Ruyie of this place, who also was arrested for complicity, disappeared as soon as released. The authorities believe they can locate him when needed, however.

The three prisoners were taken to Carrolton after being arraigned and placed in the Greene county jail. They claim they can secure the necessary bond and expect to secure their release Monday.

GREAT REVIVAL IN RIVER TRAFFIC

Shippers Find They Can Make Time By Shipping by River to the South—Great Quantities of Steel Shipped South.

LOUISVILLE, Ky., Dec. 11.—Two tow boats lashed to barges carrying more than 10,000 tons of steel bound from Pittsburgh to New Orleans, are afloat on America's mightiest inland waterways the Ohio and Mississippi rivers—indicating to a degree, rivermen say, the greatest revival of river traffic since 1887.

Curiously enough, one of the reasons given for it is that it is time saver, notwithstanding the greater distance than by rail. Favorable differences in freight rates and shortage of railroad cars also enter into the situation, while completion of locks and dams are expected to give the traffic greater assurance of stability and more ease of operation.

Construction of river terminals at important cities with modern machinery for handling freight, already contemplated at Louisville and Memphis, is expected to contribute to the revival and become a corner stone in the foundation for its permanent future.

News of upper Ohio river improvement, brought to Louisville by John F. Klein of Pittsburgh, a veteran riverman and owner of a fleet of towboats and barges, indicates the first 22 locks in the down river stretch from Pittsburgh have been completed. The twenty-third will be finished next year, the twenty-fourth is even now receiving finishing touches and the twenty-fifth will require but a few weeks to complete. The twenty-sixth to the thirty-third between Cincinnati and Maysville, Ky., already are in operation. Below Louisville similar government river work is being constructed.

Mr. Klein came to Louisville to meet one of his towboats. "In my thirty-three years of experience on the river," he said, "I have never seen such a boom as we are enjoying today. The Pittsburgh harbor is almost as busy as it was in the old days before the railroads took our business. Coal companies are buying steel barges as fast as they can be constructed."

Passenger as well as freight traffic is on the eve of a great revival in the opinion of Mr. Klein.

One packet, he asserted, just off the marine ways at Mount City, Ill., has been repaired for a sum which exceeded the cost of her original construction. "So her owners must expect a revival of passenger trade," he added.

RECRUITING NOTES.

Adjutant General's Office, Washington, D. C.

All records for peace time recruiting were broken in November, when 24,308 men were accepted for enlistment in the regular army. This is the greatest number ever obtained in the history of recruiting, and (6,729) more than October's 17,579 men. The previous record had been made during the height of demobilization, when many men signed up again for a year because they did not have any particular job in sight.

For the last ten days of the month, which contained only seven working days, 8,374 men were accepted, or more than a thousand a day. Officers can hardly explain such a tremendous flood of recruits except on the theory that the news of the army's program for education and industrial training has begun to reach the young men of the country. This is borne out by the fact that almost forty per cent are now enlistments, as against only fifteen per cent in bygone years.

In this landslide of recruits the Second Division, now stationed at Camp Travis, San Antonio, Texas, went over the top in the drive to raise it to full strength with only ten days left of the thirty allotted to that historic outfit for its whirlwind campaign to enlist six thousand men.

The recruiting department of Morgan county got busy again yesterday and were able to enlist five more men, thus bringing the number of enlistments for the month of December up to 17.

Those who enlisted yesterday were: A. Young of Virginia, enlisted in 55th Coast Artillery Corps, Camp Lewis, Wash.; Otis Fortney, Virginia, same; Harold W. Allen, Virginia, same; Jesse H. Fortner, Virginia, same and Carl H. Hunt, Virginia, same.

WILL THERE BE ANY BOOKS in Your Home on Christmas Morning?

This is the greatest year for giving Books. Why? Because in proportion to other merchandise books have increased in price the least. You show a fine taste of good judgement when you make a selection of a book for father, mother, brother, sister or friend. Who can measure the influence of a good book—it is not measured in dollars and cents—but in character and real everyday living. Parents better put into the hands of their children good wholesome books while the children are growing up rather than wait and later give them money or lands.

A Wonderful Collection

of books for children and grown up folks. You will find on our tables the very latest new books from which to make your selection

MOON MODERN MOTOR CARS

Speeding down the broad highway or drawn up to the curb in the conspicuous light of the theatre entrance the Moon Sedan reflects your idea of what a custom built car should be. Since Joseph W. Moon out of a wealth of experience as a manufacturer of fine carriages, built the first Moon fourteen years ago. Moon design and coach work have set standard for motordom.

The Moon Sedan is a companion of luxury that fits into everyday use during all seasons. There are the wide windows that close snugly and open easily, a foot operated heater gives fireside comfort on cold days. When warm rains or summer dust require closed protection a ventilator adjustable from the inside keeps the interior cool with an abundance of fresh air.

Built by THE MOON MOTOR CAR CO., St. Louis, U. S. A.
